

Json::containsControlCharacter

```
graph LR; A[Json::containsControlCharacter] --> B[Json::isControlCharacter]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'Json::containsControlCharacter'. The right box is white and contains the text 'Json::isControlCharacter'. A blue arrow points from the right side of the gray box to the left side of the white box.

Json::isControlCharacter
